comparison of telephone tariffs for basic and mobile phones because of the numerous combinations of tariff packages offered by operators. For instance, there are more than 600 different tariff plans available for cellular subscribers across the country with varying rate for monthly rental and airtime charges. The call charges vary among different operators and would also depend upon the alternative tariff packages chosen by particular subscriber, depending upon the usage pattern.

In case of Bharat Sanchar Nigam Limited and Mahanagar Telephone Nigam Limited, the rates of local calls from basic phones and mobile phones are given in the enclosed Statement (*See* below).

(c) Does not arise in view of (a) and (b) above.
